Annexure I

The basis for classification of loans as SMA and NPA categories under the RBI guidelines is as follows:

Classification Categories	Basis for classification –Principal or interest payment or any other amount wholly or partly overdue
SMA-0	Upto 30 days
SMA-1	More than 30 days and upto 60 days
SMA-2	More than 60 days and upto 90 days
NPA	More than 90 days

Classification as SMA or NPA is done as part of day-end process for the relevant date and the SMA or NPA classification date shall be the calendar date for which the day end process is run by the Company.

Loan accounts once classified as NPA will be upgraded as standard asset only if the entire outstanding arrears of principal, interest and/or other amounts are paid by the Borrower in full (The expression “standard asset” shall mean and refer to a loan account which is not required to be classified as SMA or NPA). The SMA or NPA classification is done at the Borrower level which means all the loan accounts of the Borrower will be classified as applicable for the loan with highest overdue days.

Any change in the classification of loan account as SMA or NPA or any other new category as prescribed by RBI will be implemented automatically by the lenders and the same shall be applicable to the Borrower.

Example for SMA/NPA classification: If Due Date of a Loan account is March 31, 2023, and full dues are not received before the lenders runs the day-end process for this date, the date of overdue shall be March 31, 2023. If the Loan account continues to remain overdue, then the Loan account shall get tagged as SMA-1 upon running day-end process on April 30, 2023 i.e. upon completion of 30 days of being continuously overdue. Accordingly, the date of SMA-1 classification for the Loan account shall be April 30, 2023.

Similarly, if the Loan account continues to remain overdue, it shall get tagged as SMA- 2 upon running day-end process on May 30, 2023 and if it continues to remain overdue further it shall get classified as NPA upon running day-end process on June 29, 2023.

Please note that the basis for classification as SMA & NPA and Example are provided for the Borrower’s understanding of the process followed by the lenders as on date to classify a loan account as SMA & NPA. The said process is subject to change upon the instructions/guidelines of the Reserve Bank of India.

Annexure III

Rebate Structure of Lender 2

Lender 2 shall offer rebate on the interest at the rates decided by Lender 2 from time to time on the proportionate share of Lender 2 in the loan and not on the entire loan, subject to the following terms:

1. The reference date for calculating the amount of interest due and payable to Lender 2 will be the date of opening or date of last payment of up to date interest in full, whichever is later.
2. Once the GL account is shifted to a higher slab, it shall not be reclassified to the lower slab even if the interest due and payable to Lender 1 & Lender 2 is repaid. However the GL account can be continued in the same slab if the interest due and payable to both the lenders is

repaid within the time period applicable to the slab.

3. Customer is eligible for rebate for the repayments made through mobile application/website provided by Rupeek platform and is not eligible for rebate in case of repayments made through any other channel/mode.
4. Interest due and payable to Lender 2 shall be paid at the effective rate of interest as applicable to the respective slab and the rebate part will be credited to the gold loan account. In the Rupeek mobile application, the accrued interest due and payable to both lenders will be displayed after deducting the eligible rebate amount which can be remitted by the customer.
5. The excess payments if any made in the GL account over and above the accrued interest will not be considered towards future payments towards Lender 2's share in the Loan once the reference date is changed. In other words, payments received since the reference date only will be considered for the purpose of fixing the eligibility for rebate for Lender 2's share in the Loan. However the accrued interest will be applied for the remaining balance in the account only towards Lender 2's share in the Loan.
6. Grace period of 2 days is given to the customers for availing the rebate for Lender 2's share in the Loan i.e if a customer makes the payment on 31st or 32nd day he/she will still be eligible for rebate applicable on payments made within 30 days. Similarly, if the customer makes the payments on the 61st or 62nd day, he/she will be eligible for rebate applicable on payments made within 60 days.
